I see something: its my dog!
he was hiding in the fog
I also see a cat
is he eating a bat?

The cat was happy
and very very funny
My dog has a bone
he is not a alone

family

My brother fights
he does it at night
it makes my mom sad
and it makes my dad mad
when they feel that emotion
they go to the ocean
they play with my dog
with a stick in the fog.

the mouse ~~hides~~ in the hat

the little dog and the baby cat run,

BY ISAURA MORA MARÍN

there was a puppy
that was very happy
his family loved him a lot
many toys they bought

he hates going to school

he prefers to play in the pool
It's way more fun
to relax in the sun
